

The Nursing
Department needs
your help Tuesday,
Sept. 8 and/or Friday, Sept. 11th
from 1:30 – 3:30 p.m in the E
Bldg. (2nd floor nursing skill lab area).

You will help the nursing students learn how to do a health assessment by pretending to be sick and you will earn community service hours at the same time! It's non-invasive but you can wear shorts and tee shirts so they can check reflexes, pulse, etc.

Stop by the Collegiate HS office to let us know you will be able to help with this special volunteer event.
